## **DETAILED ACTION**

### ***Information Disclosure Statement***

German document DE 100 24 303 A1 listed in the information disclosure statement filed 5/29/09 has not been considered because it does not include a concise explanation of the relevance, as it is presently understood by the individual designated in 37 CFR 1.56(c) most knowledgeable about the content of the information, of each patent listed that is not in the English language.

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-18 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 1, line 19, it is unclear as to which side section "the side section (22, 23)" refers.

In claim 2, line 4, it is unclear as to what is meant by the phrase "a releasing structure (18, 19) that is *in accordance with* the latching structure (26, 27) on the side sections (22, 23)."

In claim 16, it is unclear as to what is meant by "substantially parallel".

***Response to Arguments***

Applicant's arguments, see pages 2-5, filed 5/29/09, with respect to the rejection of claims 1-15 in view of Bartholomew have been fully considered and are persuasive. The 102 rejection of claims 1-15 has been withdrawn.

***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
